The Total Medicaid population for 1996-2000 was collected by States at the same time the managed care enrollment numbers were collected instead of using 2082 data as had been done in previous years.

The **unduplicated** managed care enrollment figures include enrollees receiving comprehensive benefits and limited benefits. This table also provides **unduplicated** national figures for the Total Medicaid population and Other population. The statistics also include individuals enrolled in State health care reform programs that expand eligibility beyond traditional Medicaid eligibility standards.
